PRESENTER: *Judy Skorek*
Assistant Professor of Counselor Education
and Director of Clinical Training
Concordia University Chicago

Judy Skorek has over 30 years experience teaching and counseling. She has worked at Northern IL University Dekalb for 26 years. In addition, Ms. Skorek was at the Women's Center for 20 years. Her current research includes workplace bullying, identifying interventions for clients who are targets of workplace bullying, and post-traumatic stress disorder.

PROGRAM: *Identification of Counseling Interventions Used to Assist Targets of Workplace Bullying*

Workplace Bullying is a growing problem. It is necessary that counselors/therapists be aware of the manner in which it presents in clients as well as its effects. The focus of this presentation is based on research gathered in a study identifying what interventions counselors/therapists use with targets of workplace bullying and which interventions they consider most effective or necessary.

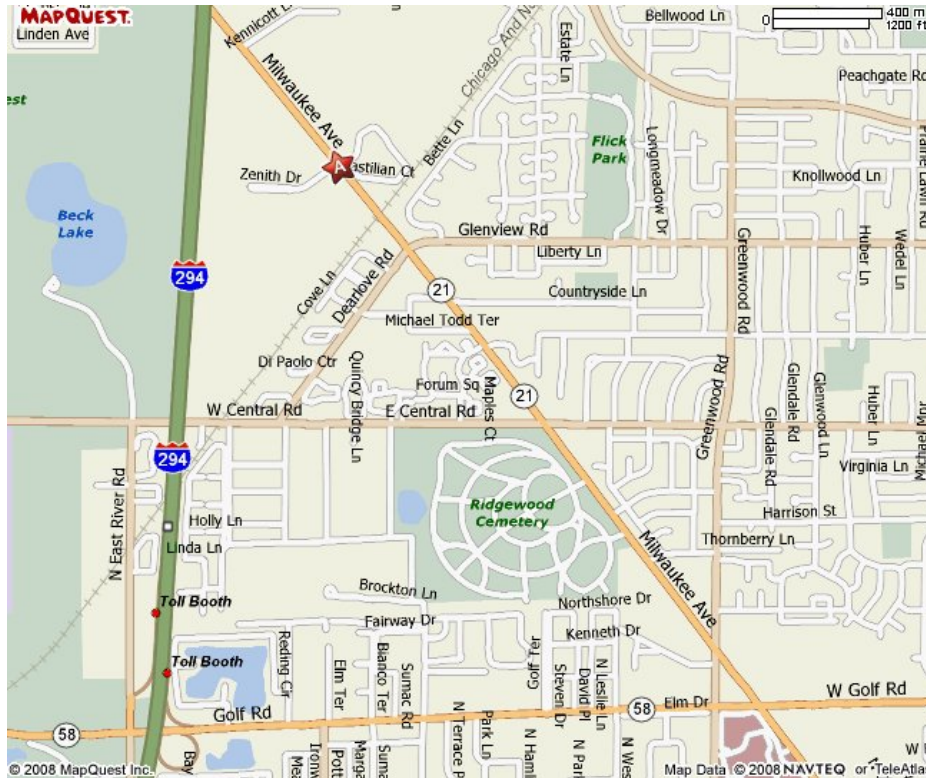

This research was informed by the participation of NIEAPA members, as there is limited information to inform and support the work of counselors/therapists with targets. There will be an interactive discussion following the presentation.

PDHs and CEUs are available for Social Workers, Professional Counselors, Marriage and Family Therapists, Addiction Counselors, and Human Resources Professionals.

**If you are a member of another local EAPA Chapter, we will honor your membership and welcome you as a guest with no charge. If you do not belong to a local EAPA chapter, you will be charged the non-EAPA member fee for attendance.*
